W E L C O M E !

Dear Students, Members and Friends,

The year 2008/09 was a very significant one: it was the first year we operated from our new premises - the House of Finance - located at the university's Campus Westend. Having seven other academic research and training units as our neighbors in the House of Finance meant that we had the privilege of regular and direct communication and exchange with other institutions specializing in the fields of finance and monetary economics.

Besides enjoying the obvious advantages of having the new, user-based, state-of-the-art facilities and technology offered in the House of Finance, our students benefitted from the opportunity to mix and network with researchers and students from the other academic research and training institutions. This was of great value to our students. Having completed their studies at the ILF, a number of them, along with our alumni, continued or returned to pursue their academic goals with our neighboring institutions. The opportunities resulting from the interdisciplinary training received at the ILF and the connections offered to our students in the House of Finance are indeed many and varied.

In 2008, we were pleased to welcome Mr. Martin Blessing, Chairman of the Board of Managing Directors of Commerzbank, as the Chairman of the ILF Board of Trustees. Mr. Blessing, who succeeds Dr. Herbert Walter, was appointed to the ILF Board of Trustees by the President of Goethe University Frankfurt am Main.

Numerous conferences, symposia and guest lectures were held during the academic year 2008/09. In particular, we hosted many prominent experts who were here to discuss the critical issues of the financial crisis which arose in 2008 and to brainstorm possible solutions.

Our LL.M. Finance program received a total of 45 outstanding students from 29 countries in October 2008. For these students with their different cultural backgrounds, it was a year not only for learning, but also for making new friends. Keeping in mind that our LL.M. Finance program aims to train young professionals to excel in the financial world, we added two current and relevant courses to the program, namely "Restructuring and Insolvency" and "European and International Securities Regulation". These two courses are taught by experts in the field. In addition, Professor Stanislaw Soltysinski of Soltysinski Kawecki & Szlezak joined us as the Commerzbank-Stiftung Visiting Professor in the 2009 summer semester. We would like to take this opportunity to thank all our lecturers for their dedicated work and their valuable contribution towards our students' learning process.

In November 2008, we held a special Company Day for our students and alumni, where they could attend presentations delivered by our sponsors and have individual talks with the representatives. We also had an Alumni Homecoming Event, where we invited all our alumni to join us for an evening in the House of Finance. Due to the very positive feedback we received for these, we plan to have similar events again in 2009/10!

Our Spring School on "Company Law in Legal Practice" and our Summer School on "Law of Banking and Capital Markets" both drew a significant number of well-qualified law graduates. Both programs now enjoy such an excellent standing among participants and lecturers that applicants request information on the programs even before the dates have been scheduled.

Despite observing a downturn in the economy as a result of the financial crisis arising over the past year, we are proud of the achievements and progress we made during the 2008/09 academic year. The cornerstone in guaranteeing the high quality of education and research at the ILF is the support received from our sponsors and cooperation partners. We would like to sincerely thank them for this and we look forward to their continued backing!

The Class of

AT OUR ORIENTATION MEETING held on 9 October 2008, we were pleased to welcome a total of 45 students to our LL.M. Finance program 2008/2009. Our 45 students came from 29 countries, amongst others, Bulgaria, Brazil, China, Colombia, Germany, Greece, Ireland, India, Italy, Malaysia, Mexico, Russia, Syria, the Philippines, and the U.S.A.

This highly-qualified batch of students have graduated with degrees in law, business administration or economics from top universities in their native countries, such as University of Sofia in Bulgaria, Nankai University in China, Columbia University in the U.S.A., National and Kapodistrian University of Athens in Greece, University Federal Rio de Janeiro in Brazil, University of Genoa in Italy, and University of Ljubljana in Slovenia. They have been individually selected after being subjected to a rigorous selection process involving numerous applications.

Nine of them decided to split their time between their academic pursuits at the ILF and their professional careers by participating

in the LL.M. Finance program on a two-year part-time basis. Our international students bring with them a rich variety of cultural and educational backgrounds and there is every reason therefore, that they will have a really interesting and exciting year at the ILF!

We are strongly committed to supporting our students in their professional and academic growth and development!

ILF EXCHANGE STUDENTS GOING TO COLUMBIA LAW SCHOOL

Based on their excellent academic performance during the 2008/09 winter semester at the ILF, two students are sent to Columbia Law School in New York City to participate in one semester of the J.D. program as ILF exchange students. We congratulate Ms. Ipek Cevik from Turkey and Mr. Georgios Palogos from Greece.

Mr. Palogos participates in the Autumn Term 2009 and Ms. Cevik in the Spring Term 2010. We wish them a rewarding and enjoyable time there!

ILF Exchange Student last year is now Research Scholar at Columbia Law School

Mr. Wouter Schmit Jongbloed, who was an ILF Exchange Student at Columbia Law School in the 2009 Spring Term, has secured a place as a Research Fellow at the Vale Institute for Sustainable Investment at Columbia Law School for the academic year 2009/2010 – our congratulations to him!

Putting Theory into Practice & Networking:

The ILF Student Internships

A significant component of our LL.M. Finance program is student internships. Such internships completed at our internship placement partners provide our students with an excellent opportunity to put what they have learned at the ILF into practice within the professional world, while at the same time allowing them to establish networks for their individual career development. Our sponsors and cooperation partners fully appreciate the relevance and significance of this hands-on practical training and actively support us by offering attractive internship placements to our students.

During the semester break from February to April 2009 or in summer 2009, our students had the opportunity of gaining very useful and challenging experiences at the following law firms, banks, central banks, consulting firms, institutions and regulatory bodies. This practical component of the program is extremely valued by our students, and they are grateful for the special learning experience.

We would like to thank our participating internship partners for their strong support!

Some examples of the interesting work performed by our students during their internships:

- One student completed her internship in the Legal Department of the **Deutsche Bundesbank**. She carried out substantial research work and prepared comprehensive notes on several issues, e.g. examining the relationship between the sanctioning regime under Community law and national law in general, assessing a draft law on the Central Bank of Somalia, in particular, regarding the principles of central bank independence and the prohibition of monetary financing and recommended concrete amendments, assessing a draft law on banking supervision in Somalia, in particular, the Basle core principles and recommended detailed changes, examining six Russian loan participation notes with regard to their eligibility as collateral for the Eurosystem's refinancing operations.
- During her internship with **Hengeler Mueller**, another student was given assignments in the area of banking, finance and capital markets. Her main tasks and responsibilities involved conducting legal research regarding VAT registration numbers for entrepreneurs in the UK, reviewing all documents in an arbitral proceeding, reviewing documents regarding the structure of a loan facility provided in connection with certain facility letters signed by each borrower, doing legal research regarding the language accepted for the purpose of the scrutiny of a prospectus and documents incorporated by reference to different Member States and doing legal research regarding Retail Cascade Offices.
- Another student was assigned to the Asset Finance Group in **Freshfields Bruckhaus Deringer**, where he familiarized himself with the requirements of an international finance practice. During his time there, he supported the firm's lawyers in mandates related to the restructuring of lease transactions, a due diligence in respect of an airline merger and drafting of lease agreements. He also attended internal and client seminars on topics such as "Asset Financing" and "The Aviation Industry in Germany".
- One student did his internship with the international law firm **White & Case LLP**. His work at the law firm included conducting a study on the OECD Discussion Draft regarding "Transfer Pricing Aspects of Business Restructurings", reviewing a share purchase agreement in connection with an M&A transaction, drafting a service agreement, doing a study on whether computer servers are considered as permanent establishments for purposes of taxation under the OECD Model Tax Convention on Income and Capital, and completing a study on whether the capital gains derived from a sale of shares of a Chinese company on the German stock exchange is taxable in Germany.
- Another student was assigned to the International Finance Department of **Ashurst**, where he was entrusted with the following tasks: preparing a presentation regarding "Islamic Finance – Basic Principles and Main Transaction Types", preparing a presentation regarding the enforcement of security interests in France, Italy, England and Wales, conducting research on practical points in LMA multicurrency loan facility agreements, and conducting research on the financial statements and other reports of an international company regarding its subsidiaries.

Visiting Professor & The ILF Lecturers

This year, Professor Stanislaw Soltysinski of Soltysinski Kawecki & Szlezak joined the ILF as the Commerzbank Stiftung Visiting Professor for the summer semester 2009.

COMMERZBANK STIFTUNG VISITING PROFESSOR

PROFESSOR STANISLAW SOLTYSINSKI taught civil and commercial law at A. Mickiewicz University, Poznan, until his retirement in 2007. He graduated from Poznan Law School in 1961. Subsequently, he spent nine months at LSE, Oxford and Cambridge as a British Council research student and studied at Columbia University (LL.M. program) in 1972-73. He taught as a recurring visiting professor at Pennsylvania University Law School (Philadelphia) between 1975 and 1992. He also taught at the College of Europe (Brugge) and has been teaching at Munich Intellectual Property Center since 2006.

Professor Soltysinski has been a member of Poland's Codification Commission since 1997. He chairs the Subcommittee on Company Law. As chairman of a special task force, he co-authored the draft of the Code of Commercial Companies adopted by the Polish Parliament in 2000. Professor Soltysinski is the author of more than 300 books and other publications published in Polish, English, German and other languages.

He is a founder of Soltysinski Kawecki & Szlezak, a leading Polish law firm, where he now serves as an of-counsel.

Professor Soltysinski's course entitled "The Impact of ECJ Precedents on Company Laws in Member States" held in the summer semester, focused on selected aspects of the ECJ case law in the field of company law. Our students learned about the impact of the Tribunal's precedents on the company laws of the Member States in areas such as the implementation of company law directives, freedom of movement of capital and freedom of establishment.

Our thanks to Professor Soltysinski for imparting his wealth of knowledge and expertise to our students!

Many international experts from all over the world have been appointed as Commerzbank Stiftung Visiting Professors to teach at the ILF. The academic structure and content of the LL.M. program are greatly enriched by their expertise and teaching, and they have always provided our students with new and dynamic perspectives on important issues relating to the world of law and finance.

Two new courses were introduced at the ILF for the summer semester:

- "Restructuring & Insolvency" taught by **Mr. Peter Hoegen**, Partner, who heads the German Restructuring Group and is a member of the International Restructuring Group at Allen & Overy, Frankfurt am Main.
- "European and International Securities Regulation" taught by **Dr. Rüdiger Litten**, Partner in the German Capital Markets Team of Norton Rose, Frankfurt am Main.

Our deepest gratitude once again to all our lecturers for their time and commitment! Thanks to their great dedication and their willingness to pass on their expertise and skills to our students, we are sure that our students are well-prepared for the professional world.

THE SOCIAL PROGRAM:

FUN &

Our students are known not only for their hard work during classes, but also for playing hard, as seen from their active participation in the numerous social events which were organized for them throughout the year. As in previous years, our students had the chance to visit and informally explore two German cities of great historical significance – the university town of Heidelberg and the capital city of Germany, Berlin. In addition, they attended a Christmas party at the ILF and went on visits to the Reichstag in Berlin and the Lufthansa Headquarters in Frankfurt. Our students also frequently took part in the Alumni & Friends Roundtables, where they met up with ILF alumni from all over the world.

CITY TOUR OF FRANKFURT

In order to acquaint our students with the city where they would be studying and living for a year, we sent them on a city tour of Frankfurt right at the beginning of the academic year. This trip allowed them to discover more about the history, the culture, and the interesting spots in Frankfurt.

TRIP TO HEIDELBERG

ILF students of 2008/2009 and staff went on the annual one-day excursion to the historical university town of Heidelberg during the first weekend of Advent, on 29 November 2008. During the city tour, they learned a great deal about the history and development of Heidelberg into a university town.

After the insightful tour, our students also had the chance to visit the traditional Christmas Market and the famous Heidelberg castle. At the end of the day, we all met up for an excellent traditional German Christmas dinner of roast duck, red cabbage and dumplings at a well-known German restaurant.

FESTIVITIES

ILF STUDENTS' CHRISTMAS PARTY

On 17 December 2008, a potluck was held at the ILF Christmas Party, which took place in our very own lecture room in the House of Finance. Students brought mouth-watering and unique home-cooked specialities from their own countries to be tried by their friends.

To add to the fun, PowerPoint presentations with colourful pictures and interesting information on their native countries were provided during the evening by the students and a tombola was also held.

EXCURSION TO BERLIN

Many of our students took a break from their demanding class schedule and went on a weekend trip to the capital of Germany from 8 to 10 May 2009. True to the spirit of adventure, they stayed in a youth hostel in Berlin-Mitte and toured the entire city and visited the many historical sights of Berlin on foot and by public transportation.

One of the highlights of the trip was the visit to the Reichstag (the building which houses the German parliament), which was specially organised for the students.

TRIP TO LUFTHANSA HEADQUARTERS

On 29 May 2009, ILF students made a trip to the Lufthansa Headquarters in Frankfurt. At the Lufthansa Aviation Center, they were given an introduction to the Aviation Group, including a look at the entry options for graduates. This was followed by a tour of the premises.

After lunch, our students visited the Lufthansa Flight Training Center and viewed the different Lufthansa technical facilities available. They even had the opportunity to closely examine the interior of an aeroplane cockpit, with explanations provided on the technicalities of the machine.

The ILF as A FORUM

The ILF is fully committed to its role to serve as a think-tank for law and policy-makers as well as those who apply the law. This role was even more prominent in the academic year 2008/2009 in view of the financial crisis which was, of course, a major topic amongst bankers, lawyers and regulators. Many symposia, conferences and guest lectures were held as part of the ILF's objective to facilitate the discussion, clarification and perhaps resolution of banking and capital markets issues being faced in the current financial market.

ILF 1ST SYMPOSIUM ON “ECONOMY, CRIMINAL LAW, ETHICS (ECLE)”

On 7 and 8 November 2008, the first symposium on Economy, Criminal Law, Ethics (ECLE) was held at the ILF, where the topic “Die Handlungsfreiheit des Unternehmers, Wirtschaftliche Perspektiven, strafrechtliche Grenzen und ethische Schranken” was addressed in the presentations by and discussions with the following prominent guest speakers:

Prior to joining the ILF, Ms. Braune gained experience working as a personal assistant for a number of years in Ireland and an international law firm in Frankfurt.

FAREWELL

We bid farewell to **Dr. Raphaela Henze**, who was the Managing Director of the ILF from December 2006 to August 2009. She has taken up a new position as Chancellor at the University of Applied Sciences in Koblenz. We thank her for her dedication during her time at the ILF and we wish her every success!

ILF PUBLIC RELATIONS

Our symposia, conferences and guest lectures held throughout the entire academic year have attracted the keen interest of many professionals and academics working in the field of law and finance. This has helped to enhance the reputation and standing of the ILF and also make its work and activities more known to the public.

VISIT OF STUDENTS' DELEGATION FROM ST. PETERSBURG

On 22 October 2008, the ILF received a delegation of 35 students from the Department of Banking and Finance in St. Petersburg State University of Engineering and Economics, who were interested in the LL.M. Finance program. The students were given a presentation about the ILF as well as a tour of the ILF facilities in the House of Finance.

NEW COOPERATION ESTABLISHED WITH GOETHE BUSINESS SCHOOL – SPECIAL MBA OFFER FOR ILF GRADUATES

The ILF negotiated a special deal with the Goethe Business School (GBS), who is our new neighbour in the House of Finance.

In recognition of the specialized course work already completed at the ILF, ILF graduates can now earn an additional MBA degree from the GBS in less than eight months (i.e. 4 terms) for a heavily reduced tuition fee of 5,300 Euro for the 2009/10 and 6,300 Euro for the 2010/11 full-time MBA programs.

The ILF also relies on proactive marketing in legal and business journals and magazines to bring itself and our postgraduate programs to the attention of those who are particularly interested in learning more about law and finance.

As our LL.M. Finance program relies heavily on the active international and national recruitment of graduates, we continue to build our presence on national and international internet platforms. This constitutes an effective means of reaching out to interested applicants from all over the world. As the word-of-mouth marketing from ILF alumni to interested applicants also plays an important role in the recruitment process, we keep our alumni well-informed about, and invite them to the activities held at the ILF. Last but not least, we rely on our strong contacts and networking with professors, universities and law firms in seeking highly-qualified fresh law graduates for our Spring and Summer Schools.

ILF 1ST COMPANY DAY HELD ON 21 NOVEMBER 2008

On 21 November 2008, the ILF organized its first Company Day for its sponsors, students and alumni. During that day, our sponsors were able to present their company profiles to our alumni and current students, and thereafter appointments were made for our students and alumni to speak to the representatives of the individual firms regarding career prospects and work opportunities.

ILF MANAGING DIRECTOR AS VISITING PROFESSOR AT AARHUS BUSINESS SCHOOL IN SUMMER 2009

In strengthening our ties with our partner, Aarhus Business School, our Managing Director, Dr. Raphaela Henze, was there for a period of three weeks in August 2009 to teach a course on the subject of "Non-Profit Management". The course contributed 10 credit points towards the Bachelor's courses of the Aarhus Business School's summer university.

ALUMNI NEWS

ILF ALUMNI HOMECOMING EVENT 2008

On the evening of 21 November 2008, many ILF alumni and students attended the ILF Alumni Homecoming Event 2008. It was the very first time for many of our alumni from the first six years of the LL.M. Finance program to be present at, and be able to admire our new premises at the House of Finance on Campus Westend since our move in August 2008. In addition and more importantly, they had the opportunity to bond with old friends and meet new ones.

As alumni members from Columbia Law School, ILF's long-standing cooperation law school, as well as from the University of Chicago Law School and Yale University were also invited to join us for this event, ILF alumni could also socialise and network with them.

ILF ALUMNI & FRIENDS ROUNDTABLES

Many of our alumni and students had the opportunity to meet up socially at a number of ILF Alumni & Friends Roundtables held this year, namely on 24 October 2008 and 13 June 2009 in London, as well as on 18 January 2009 and 16 April 2009 in Frankfurt am Main.

Such social events provide ILF alumni and students with the opportunity to renew old ties and make new friends. Our current students were happy that they could personally meet and build up important contacts with former students of the ILF!

END - of - YEA

The academic year ended with a great party on 17 July 2009, when graduating students of 2008/2009 celebrated the successful completion of the year with their family and friends. This year, the traditional End-of-Year Dinner of the ILF was held on the roof terrace of the Casino building on the Campus Westend premises of the University. Our students were able to share this special occasion with many representatives of ILF sponsors, faculty, alumni and staff.

Professor Andreas Cahn, ILF Executive Director, who gave the welcoming address, congratulated the students on their excellent achievements. These students belonged to the seventh group of students who received their education and training in the LL.M. Finance program held at the ILF, but they go down in history as the very first batch of students to do their studies at our new location – the House of Finance at Campus Westend. He wished them the very best for their future professional paths, and expressed his hope that they would continue to keep in close contact with and offer their support to the ILF as new alumni members.

MAKING FRIE

R DINNER

After Professor Cahn's address, Mr. Jaime Caringal, the student body president, then spoke on behalf of his class. He recapitulated on the experiences the students acquired in the past year, the differences in cultures and backgrounds of his classmates, which made things more interesting but sometimes slightly complicated, the joy of making new friends, and just having lots of fun. He thanked the ILF sponsors, lecturers, staff and his classmates for having made their year at the ILF a special one.

The presentation of certificates by Professor Manfred Wandt, ILF Director, for the completion of the coursework in 2008/2009 concluded the official part of the evening, which was followed by the guests partaking in fine food, wine and good conversation.

ILF Spring & Summer

The ILF continued to hold its extremely popular Spring and Summer Schools this year. We received numerous applications for the 40 limited places in each of these two schools, which are exclusively reserved for highly-qualified law graduates from prime universities in German-speaking countries.

Extra-curricular social events during the seminar weeks also gave the participants perfect opportunities to meet and socialize with representatives of law firms and banks, thus opening the door to professional opportunities for these law graduates. Such social events included informal get-togethers, dinners organized by the law firms, and of course, the ILF dinner party held for all lecturers and participants at the end of the program.

OUR SPONSORS

The continuous and generous support of our sponsors from the ranks of governmental institutions, law firms, banks and major companies is an important resource for the daily operations and future plans of the ILF.

Such sponsorships, whether by way of monetary donations, provision of faculty members, provision of internship placements or organization of special events for our students etc., go a long way in helping the ILF to continuously improve the scope and quality of its teaching, research and think-tank activities. With our growing alumni network, we also look forward to receiving sponsorships from our alumni and, last but not least, from private individuals who are interested in supporting what we do at the ILF.

Thanks to the sponsorships of the law firm Mayer Brown LLP and the Goethe-Institute Frankfurt am Main, four of our students received scholarships to participate in a four-week intensive German language course for beginners in September 2008, which is just prior to the start of the academic year. We congratulate Mr. Jaime Caringal, Mr. Roberto Fordiani, Mr. Haluk Gurulkan and Ms. Gillian Ni Bhroin on the receipt of the scholarships.

Our heartfelt thanks to all our sponsors, cooperation partners and friends for their commitment and generosity, without which the ILF would not be what it is!
